The EBB portal has already been configured to use your cougar net credentials.

1. The log-in is your *cougar net username and password*.

The image shows a login form on a black background. It consists of two white input fields: the top one is labeled 'Username' and the bottom one is labeled 'Password'. Below these fields is a checkbox labeled 'Remember me'. At the bottom of the form is a large blue button with the text 'Sign in'. **Instructions**

When an exam file is downloaded the due date will adjust to reflect your due date.

Click here to access the multiple choice answer sheet. (If you do not see this link, then there are no multiple choice questions.)

1. Save your exam/answer to a file on your desktop using an easily-identifiable title. This makes it easier to find the correct document when it is time to unload your exam.
2. Answer your exam in Microsoft Word not page or anything weird. I can't open pages documents and if I can't open an exam, it doesn't get printed and sent to the professor for grading.
3. Include your exam number on every page of your uploaded exam.
4. Include the word count on the exam if requested by your professor.
5. Exam number and word counts cannot be added after your final exam submission, nor will we add them for you.
6. The system will accept repeated exam submissions until the deadline. Only the last submission uploaded before the deadline will be given to the professor.
7. If you are unable to upload your exam, immediately email it to School IT department at C\_law\_computerhelp@central.uh.edu
